

Go Compostable! Green Event Tableware Kit

Eco-Friendly products for your next meeting, school function or holiday event.

This 978 piece kit includes dinner plates, appetizer and dessert plates, hot and cold beverage cups, cutlery, napkins and we even supply the compostable garbage bags. Each kit can be used for up to 100 people.

All our products are made from environmentally friendly materials such as bagasse and corn starch (PLA).

Compostable products are a better choice for single-use disposable tableware. Unlike plastic and foam products our tableware products are not made from oil derivatives, will not leach chemicals and will biodegrade quickly causing no harm to the environment or your health.

Make your next business or social event a green one by offering these eco-friendly single-use products.

- ✓ A simple, convenient way to green your next event.
- ✓ Environmentally friendly alternative to plastic and foam disposable.
- ✓ Save time with this one-stop shopping solution.
- ✓ Made from sustainable and compostable materials.
- ✓ Strong, durable and petroleum-free.
